Engr Khalid Iqbal,  
Chemical Engineer,  
Gulf Continental Oil Company,  
Mussafah-17, Plot #81, P.O. box 28102  
Abu Dhabi, UAE

Dear Mr. Iqbal,

**RE: Caterpillar ECF-1a performance for the Gulfcon Chronoton Classic Diesel Engine Oil API CH-4/SL SAE 15W-40**

This letter is provided in response to your query relating to Caterpillar ECF-1a performance using Infineum D3451 additive technology (IME1101996-A).

I confirm that your product, "**Gulfcon Chronoton Classic Diesel Engine Oil API CH-4/SL SAE 15W-40**" would meet Caterpillar ECF-1a, as well as API CI-4 / CH-4, ACEA E7 and a number of other HD OEMs performance requirements if correctly blended with the Infineum formulation identified as IME1101996-A. This formulation contains Infineum D3451 at 11.90%. Please note that this statement is no longer valid if you deviate from any part of the IME1101996-A formulation and/or correct blending procedures.

I trust this meets your requirements. However should you require further information and/or clarification, please do not hesitate to contact us.

Your's sincerely,
